

# LUCK-IN

SINCE 1970 • BASED IN TAIWAN

## ETHYLENE ABSORBER FILM & BAG

Modified Atmosphere Packaging ◆ Ethylene Scavenger Film ◆ Polyethylene (PE) Films

Extending Shelf Life of Fruits & Vegetables

## FRESHNESS TECHNOLOGY

### Ethylene Absorber Film & Bag

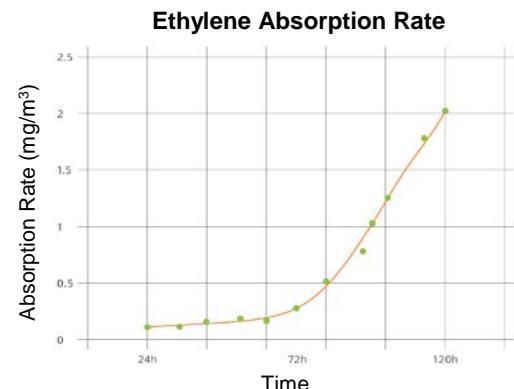

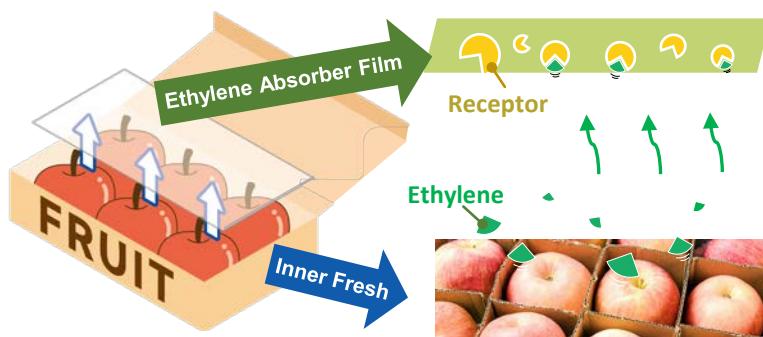

### Smart Packaging for Longer Freshness & Less Waste

- ◆ Slows ripening by absorbing ethylene gas naturally released from fruits and vegetables
- ◆ Reduces spoilage and waste during transportation and storage
- ◆ Preserves nutrients like Vitamin C and antioxidants, keeping products fresher longer
- ◆ Customizable film & bag solutions for fruits, vegetables, and fresh-cut applications
- ◆ Eco-friendly & food-safe materials, supporting sustainability and reducing food loss

### Case Study

Regular Film	Inner Fresh
	 11 DAYS
	 8 DAYS
	 6 DAYS 10°C
